

Getting Started

Below are the steps you'll take to get registered for Lemonade Day and begin participating:

Step 1: Sign up for Lemonade Day

Sign up in any of the following ways:

- Online through our web site – [Register Now!](#)
- Through your child's school (if the school is partnering with Lemonade Day)
- Through one of our youth-serving non-profit partners, like the Girl Scouts
- At one of our registration events in March or April at places like The Children's Museum of Indianapolis or the Indianapolis Zoo.

Step 2: Use Lemonopolis to Prep for Lemonade Day

Lemonopolis is an online, interactive game or curriculum to help kids prepare for Lemonade Day. Visit mylemonadeday.org and use the login credentials you created when you signed up to access Lemonopolis.

Step 3: Get your start-up capital for your lemonade business!

Ask your parents to invest in a Seed Fund or to become your Investor. Be sure to check our Get Start-Up Money for Your Lemonade Stand page for more info!

Step 4: Set up your lemonade stand on LEMONADE DAY

Saturday, May 20th!

Check our Stand Locations page in in early April for information about where to set up stands! And most importantly: KIDS KEEP THE MONEY THEY EARN from their lemonade businesses! We also encourage them to [save, spend and share their profits!](#)

P.S. Check our [Events](#) and [Activities](#) pages for fun workshops and contests for kids!
