

# FREQUENTLY ASKED QUESTIONS

## ABOUT THE PROGRAM

### What is Lemonade Day?

Lemonade Day is a FREE community-wide, educational initiative designed to teach children how to start, own and operate their own business—a lemonade stand.

### When is Lemonade Day?

This year Lemonade Day Monroe County will be held on June 16, 2018.

### What do children learn?

The objective of Lemonade Day is to teach youth how to start, own and operate their own business – a lemonade stand. Children learn the entrepreneurial skills necessary to be successful in the future and become contributing members of their communities. They learn how to create a budget, set profit-making goals, serve customers, repay investors and give back to the community. For kids, one of the best parts is that after covering their expenses and paying back their investors, they can keep what they earn. We encourage them to spend some of their profit as a reward for their hard work, save some of their profit for a rainy day or to re-invest in their business, and share some of their profit with the community that supported them.

### How did Lemonade Day get started?

Lemonade Day was founded in 2007 by Michael Holthouse. As an INC. Magazine Entrepreneur of the Year and a two-time “Inc. 500 Fastest Growing Company” winner, Michael is passionate about entrepreneurship and proactively supports youth and experiential learning through his foundation Prepared 4 Life.

### How much does it cost to participate in Lemonade Day?

Lemonade Day is a free program for all youth. The curriculum, activities, services, products and resources of Lemonade Day are made possible by the generous donations of individuals, corporations, community organizations and foundations.

### How old do you have to be to participate in Lemonade Day?

Lemonade Day is open to youth of all ages. The curriculum is written to target youth in grades 3-5 however, the material can be adapted for older or younger audiences.

### What happens to the money raised on Lemonade Day?

The money made at each stand on Lemonade Day belongs to the youth participants who operate that stand. 100% of what they make is their business profit. The Lemonade Day curriculum encourages them to spend some, save some, and share some.

## REGISTRATION

### Where is the training for Lemonade Day?

The Lemonade Day curriculum walks you through everything you need to know to start your lemonade business. Families (or mentors) work through the curriculum together with their participants to make a plan, build a stand, and execute their plan on Lemonade Day. There are also events throughout the spring available to help youth with the lessons, building a stand, creating their plan, etc.

## LOGISTICS

### Where can my child set up their lemonade stand?

A child has a number of options when determining a location for their lemonade stand. Some participants set up in front of their homes while others request to set up in front of a local business in hopes of getting more traffic. If you do have a business site in mind, be sure to have your child ask for permission early for the best chance of success. Check out our [website](#) for a list of location options and details.

### How will customers know where to find us?

Priority for stand location registration will be for Lemonade Day University participants on May 12. After May 12, we will send out information for participants to add their stand on the map. It's easy and you can use our **Brand Your Stand** tool to include the hours of operation and special features of your new business.

### Can we set up our lemonade stand on a different day?

Many times youth decide they like the opportunity to make their own money and want to continue throughout the year. We encourage that! If you choose to participate on a day other than Lemonade Day, please be sure to set up your stand on private property with the permission of the owner.
